Helpful pictures, great directions, recommended!

By Wendy Thuy Korz

I only made the star from the book so far, but the other patterns are super cute too! This is a great amigurumi book. Most amigurumi books have no pictures (besides the finished doll/toy), but this book has some "in-progress" pictures to help you along the way. I love this book, because it's great for beginners but still has patterns for hobbyists. There's lots of high quality pictures, and the directions are clear. A must have for all amigurumi fans.

Very easy to follow instructions

By Christina Ann Willems

Very easy to follow instructions. Even the patterns rated as the most difficult in the book only took me two days a piece to complete.
