Skyfall, the only city that King Silas spared when he started the Fallocaust. It is a safe haven from the radiation, and a place where there is plant life, electricity, protection; things never seen or felt in the lawless, savage greywastes.

In Skyfall lives a teenager named Jade, born and raised in the 'slum district' Moros by an insane mother. He steals and cheats in any way he can to keep him and his boyfriend alive for another winter, all while longing for a better life, some place warm beyond the slums.

Then a chance encounter brings Jade into the sights of the most important and most feared chimera in Skyfall: Elish Dekker. A man of statuesque elegance, cold beauty, and a reputation for being the most heartless and cruel chimera in existence.

And though Elish may not understand why, he does know one thing for sure... the boy will be his pet.

So many questions answered

By Rabbit

Breaking Jade is a companion to Fallocaust Book 1, meaning that the timeline of the books overlap. It focuses on the development of the relationship between the Chimera Elish and his pet Jade, as well as including chapters involving Reaver, Killian and others from Book 1.

Many questions and mysteries from Book 1 are addressed in Breaking Jade and we get some detailed insight into Elish's scheme involving the Aras characters. For this reason, I recommend reading this Companion after Book 1. If you liked Book 1, this Companion is a must read.

I felt as though Quil Carter's writing has developed since Book 1, making this one an even more delightful read. The way he deals with his characters' internal struggles seems a little more mature. The intricacies of the plot are incredible and I found myself wondering how long he's been working out these books in his head. The editing is pretty good for something so long.

The sex and violence gets out of hand, so beware!

I loved this and will definitely be reading the next book.

Seriously, buy this book....read it....you will NOT be disappointed

By themarquise

This book was amazing, From the first few pages I was a goner...the Author took my hand and drug me down deep into his world.

I very much enjoyed Fallocaust, actually I LOVED it...and this book is an excellent companion to that, but it's also so much more. This is not Reaver's story at all, no this one is about sweet, sexy, sometimes stupid, whiny, violent, evil, twisted and beautiful little Jade.

The story of Jade takes us from the slums of Moros to the skyscrapers of Skyfall and across the desolation that is the Greywastes. The author has done a brilliant job world building, you can almost smell the rotten air in Moros, hear the devastating silence on the Wastes and feel the cold concrete that is Skyfall.No holds were barred in the writing. Its graphic, twisted, gritty,sometimes sad, sometimes happy, very dark, and completely riveting at the very root. I found all this in this story, and also I found some hope and love too. The secondary characters were just as interesting. I found myself wanting them to pop up more and more as they developed in the story alongside Jade.

Thank you to the author for creating a world with characters that are far from perfect, even though they are all sexy as heck, these boys are beautifully flawed and twisted and I think I am a little in love with most of them :) But alas....this was over all too soon for me, I look forward to Book two and its companion book with baited breath.I know without a doubt I will not hesitate at all to plunge back into the world of the Fallocaust with both feet, and probably an assault rifle strapped to my back. Oh...and a big razor sharp bowie knife in my hand. There are some scary critters out there...Seriously, buy this book....read it....you will NOT be disappointed

Fantastic addition to the Fallocaust world :p

By Ashkan Jalali

I enjoyed the Fallocaust book so much that I decided to read Breaking Jade when it came out. I'm glad to say that this book contains very shocking scenes and surprises that one can expect from the author. I was also happy about the parallels between the two settings from both books, and more impressed with the fresh ideas that were introduced in Breaking Jade. I fell in love with the characters and can say that while I am a casual reader by nature, this book like Fallocaust grabbed my attention very well. Jade is an exciting character and the challenges that he faces remind us of many struggles we face with the mind and body through our own experiences. I highly recommend this book!!
