Este libro es un pesimo documento de muy poco contenido didactico.

By ORLANDO GUTIERREZ DE PINERES

Adquiri el libro entendiendo que se trataba de un texto serio, profesional y bien fundamentado sobre la materia de Capellania y encuentre que es un trabajo mas parecido a un folleto, pobrisimo en contenido educativo. Llos pocos y superficiales temas que trata son generalidades conocidas y los presenta sin ninguna profundidad ni estudio biblico serio y formal. Siendo la Palabra tan rica en principios y fundamentos para la labor de consejeria el autor produce un texto que si se transcribiera en un documento no completaria 20 paginas y mas se parece a un trabajo de un estudiante que a un libro de texto serio. Me preocupa que autores con tan poca calidad literaria, conceptual y sin fundamento profundo de conocimiento sean publicados y promovidos por organizaciones como Amazon lo que les da un caracter de calidad que no poseen y se presta a confusion de la comunidad. El texto ademas adolece de errores de ortografia y redaccion que reafirman mi percepcion de perdida de tiempo y dinero con su compra. Su lectura, por su cortedad. me tomo menos de media hora.
