**\*\*Warning, this book contains scenes of dead people having sex, only really sexy dead people, not zombies or sparkly vampires. Rest assured, no body parts fell off during the making of these sex scenes, just bras and undies, and no fangs or hammers were used during foreplay.\*\***

My afterlife has sunk to a new level of desperate, all because some badass demon banished my friends to the fourth dimension of the fiery pit.

When I signed up for this rescue mission, nobody told me about the bugs, hives, and sweltering heat. That I could handle. Add to that a sinfully sexy boyfriend with serious ex-fiancée issues, three temperamental giants, a psychotic demon dentist, and a really hungry soul-sucking dragon, and this trip to Hell has become the trip from Hell.

And I forgot to pack my sunscreen.

This book is amazing. surpassed anything I thought it would be. The suspense, action, comedy, and faithfulness of friends is paramount throughout the novel. I laughed so hard and could relate to the characters. Going back to hell to save their friends is a great feat with lots of perils, the levels of heaven and hell have me laughing the whole read. A must read, one click this today!!

Good ending to a unique, fun series.

Lots of action, humor, and steamy moments. I love how the author rounds out each character's story by the end of the book. We're not left wondering what happened to any of them.

There were also a couple surprises revealed in this book as well as a few really creative villains.

One thing I did wish for: I wish both battles (one with Zahaka and one with Mother) would have been a bit longer with a bit more action. But, it's a really fun spin on what Heaven and Hell may be like.

Read the book and find out how things end up for Ash and her friends!

Amazing

By Bearhug33

Ash and Aedan travel down to hell to save their friends. You would think nothing that happens in hell would be funny but time and time again I found myself having to hold the laughter in for fear of waking everyone in the house. Life threatening danger holds you to the edge of your seat while you eagerly read to find out what happens. The only problem with this book; it ended. I want m
