Too hard!!

By A Customer

The mysteries are cool. (This is why I gave it 2 stars.) There are ten of them in the book. When you are done reading the mysteries they ask you how Encyclopedia Brown figured it out. You can never figure them out. They don't give you enough info. This makes it not very fun! Don't try the other books. They all have the same problem. Just don't waste your money. (I gave the one star for trying.)

they're tough and fun to read.

They're tough and fun to read. I like black jack's treasure. It's about black jack's treasure and a tree with a mark on it. It's also about this kid named Wilford Wiggins. He tries to fool kids too.
