Manual de intrucciones del Cuerpo Humano

By Amazon Customer

Por fin encuentro EL MANUAL DE INSTRUCCIONES DEL CUERPO HUMANO.

Siempre me he preguntado al igual que muchas personas donde esta el catalogo, el manual de instrucciones del cuerpo Humano y

Entra en Frecuencia ha llenado mis expectativas.

Imitando un poco el lenguaje de los carros,este libro es como la computadora del carro pero con mayor alcance,ya que no solo dianostica donde esta el problema sino que ademas lo arregla eliminando asi al mecanico.

Para empezar Entra en Frecuencia (titulo original Frequency) en la pagina 142 dice lo siguiente:"Tu

vibracion personal se reduce cuando te encuentras con el miedo e intentas tratar con el mediante un habito de sentir pernicioso: a traves de los metodos de pelea o huida .Es facil quedar atascado cuando tu vibracion personal se desploma, porque las experiencias bajas provocan mas experiencias negativas".

Afortunadamente en el siguiente parrafo presenta la solucion cuando dice" Es mas facil que te liberes de las vibraciones negativas en la actualidad, ya que la frecuencia en aceleracion de tu organismo y de la Tierra hace que sea dificil mantenerse encallado durante mucho tiempo, y liberarse del miedo es mucho mas instantaneo".

Para finalizar en la pagina 21 anuncia los tratamientos a seguir. Por todo lo planteado anteriormente opino que el libro es la mejor herramienta para tratar problemas de estres y un psicologo mobil.

Gracias Infinitamente a Penney Peirce por este libro. Gracias, Gracias

Finally I find THE INSTRUCTIONS MANUAL OF THE HUMAN BODY .

I've always wondered like many people where this catalog , instruction manual on the Human Body

Enter Frequency filled my expectations.

Imitating a little cars language , this book is how the computer of the car but more powerful, because not only find where is the problem but also fixes thus eliminating the mechanic.

For starters Enter Frequency (Original title Frequency) on page 142 reads: " Your personal vibration is reduced when you are in fear and try to deal with the feeling by a pernicious habit : through methods of fighting or flight. Is easy to get stuck when your personal vibration subsides, because low experiences cause more negative experiences. "

Fortunately in the following paragraph presents the solution when she says " It is easier to free yourself from negative vibrations at present, since the frequency in acceleration of your body and the earth makes it difficult to remain stranded for a long time , and released fear is much more instant. "

Finally on page 21 announces the treatments to follow. For all the above this book is the best tool to deal with problems of stress and is a mobile psychologist .

Infinitely Thanks for this Book. Thanks to Penney Peirce , Thanks, Thanks
