There often comes a moment in people's lives when all stops fall away. Question marks surface. And commas. Vast yawning commas. This is the point at which the individual becomes a seeker. This is a book for seekers. It encompasses the gamut of questions restless, fevered, desperate that have arisen in every seeker's mind at some point or the other. Questions about fear, desire, suffering, commitment, free will, determinism, God, faith, love, morality, self-deception, doubt, the spiritual path, the mind, the body, disease, healing, madness, death, dissolution. And more. The answers are by Sadhguru, a living master and profound mystic of our times. Unshakably anchored in inner experience, he remains unaffiliated to any organized religions, sectarian or ideological tradition. Forthright, witty, unconventional, provocative, but deeply compassionate, these answers were shared with close disciples over a period of ten years on various occasions. Spanning a variety of subjects that he seldom addresses otherwise in public, these words were spoken to foster the growth of a few who had been with him for a long time. The tone is intimate, the cadence conversational, the context specific. And this is the book's strength. Seekers of every culture and persuasion will find themselves turning from eavesdroppers to participants from the very first page. For the answers carry the unmistakable ring of authenticity, the deep clarity and wisdom of one who knows what it means to seek. And to know. And just how to map the arduous, often interminable, journey in between. "Essential Wisdom from a Spiritual Master" and "Mystic Eye" are essentially "Mystic's Musings" repackaged into 2 volumes. Essential Wisdom from a Spiritual Master consists of the first four chapters of "Mystic's Musings".

What a great read! Sadhguru puts so many things into perspective and answers so many of life's questions in a simple yet informative way that it really makes you feel like you understand your surroundings that much better. His unique style of simplicity and humor makes him easy and very enjoyable to read. I recommend this book to anyone who is questioning anything in this world and why things are the way they are and perhaps why people act the way they do. If only everyone read this book maybe people would "get it" and this world would be a better place!
