Finding Our Way Through the Dark presents an astrological lunar-based model to explore the periodic dark and difficult times in our life as rites of passage leading to renewal. It offers a new vision of darkness as a place of insight, healing and regeneration. Each section is accompanied by a workbook and journal so that you can discover when these periods of transition occur in your own life, illuminating the hidden motifs that shape your experiences. This book explains and reframes the astrological factors that facilitate your life journey from endings to new beginnings. Demetra George, M.A. Classics, received the 2002 Regulus Award for Theory and Understanding. A practitioner of astrology for more than 35 years specializing in archetypal mythology and ancient astrology, she is the author of numerous books and articles, including *Astrology For Yourself*, *Asteroid Goddesses*, *Mysteries of the Dark Moon*, and *Astrology and the Authentic Self*. She lives in Oregon, lectures internationally, and leads pilgrimages to the sacred sites in the Mediterranean and India with Ancient Oracle Tours. Director of Thema: Foundations in Astrology, she mentors private students in Hellenistic astrology, modern chart delineation, and asteroids.

Essential resource

By Keeping It Real

This book has many significant insights into the different "dark energies" in astrology. However, the primary value that I find is its addressing of the "lunation cycle". After cross-referencing information about the lunation cycle with my own chart, as well as charts of my friends and family, I'm astounded at its significance and accuracy. There is no single factor that I've found in my studies of astrology that are as significant and RELIABLY accurate as the lunation cycle. Why is it not fundamental in beginning astrology literature? Every student of astrology should be familiar with the lunation cycle.

I have this and two other books on the lunation cycle, including Rudhyar's, and this book by Demetra George is the one that I always come back to. It's one of my "top shelf" astrology books. It's clearly written and has

fantastic insights. Highly recommended.

All of that said, I should also warn you that there are an embarrassing number of spelling and punctuation errors. Be prepared for that! Then, don't let it bother you and continue on to the heart of what is being taught.

I love this book

By Moon

I love this book. Full of moon and Goddess wisdom! This is an invaluable tool for women who are seeking to reclaim and go deeper into Goddess energy and women's healing using the power of the moon. I would recommend this book to any woman who wishes to embark upon that journey.

Demetra George is truly gifted in tying in these concepts along while also being able to make multiple esoteric connections.
