ICARUS REDEEMED: A SCHIZOAFFECTIVE STORY BY GH FRANCIS PDF

Three schizoaffective manic episodes drove the author of "Icarus Redeemed", a true story, down the rabbit hole of madness, into a world rife with demons, saints, and delusions of grandeur; depression drove him to the edge of a cliff, where he stood precariously, one short step away from his demise. Whether you have a mental disorder, are a friend or family member of someone who does, are a health worker, or are just plain curious, "Icarus Redeemed" is a story of hope in the face of unimaginable adversity that will give you new insights into the world of mental illness.

A captivating read and a first hand journey deep into the schizophrenic mind. Despite the heavy subject matter, Francis manages to inject humor into story with accounts of actions done in the manic state to what its like to spend time in a psychiatric hospital. I recommend for anyone that has been diagnosed or has someone close to them with schizophrenia. As demonstrated, the disease is treatable, and with care one can still lead a fully productive and rich life.

Very impressive a real person story

By Kindle Customer

If anyone happens to notice the term of schzoaffective disorder, that is the best book I can refer to. For the doctors, mental workers, the patients and their families and friends.

Francis is so vivid described how his condition developed. Where he has been, and where he is now. It shows the hope and proper way to control the mental condition.

I'm highly recommended for the first book to read for schizoaffective disorder.

A Must Read

By Cowboy

i found this memoir a startling and powerful introspection chronicling a tragic and painful slide into the abyss of mental illness in someone who was previously unscathed by such a malady. A most vivid portrait of

a young person on a remarkable journey with final redemption. A most impressive, well written debut as an e-book.
