My new favorite travel guide book!

By Nancy Deming-May

I used to be a DK Travel Guide fan but they didn't have the Norway one in stock so I bought this one. I am now an Insight Guide Fan. I will buy these travel books from now on. I love how it gives the colorful history up front. There are many beautiful photos and explanations of the culture but it doesn't get overwhelming.

Not much information on Northern Norway

By MaryT

We bought this book because we were traveling to Northern Norway in January to see the Northern Lights. There is really pretty little information on this region in the book (at least the parts we visited: Tromso and Lofoten plus a short Hurtigruten cruise). So it was not a very good investment for us.

I give this 5 stars for my initial review. I can give more info after we complete our round trip from Bergen to Kirkines in October.
