«El capitalismo ha fracasado muchas veces. Desde 1825 ha habido docenas y docenas de ciclos capitalistas de crecimiento y depresión y luego desplomes. Pero el sistema siempre se recupera, o se le recupera, como estamos viendo hoy en día. A los socialistas y a los comunistas sólo les fue permitido una vez implantar un sistema que duró setenta y cinco años, después se vino abajo, y todo el mundo lo da por acabado. En mi opinión, aquella forma específica de comunismo, aquella experiencia concreta, pueden haber fracasado, pero no hay ninguna razón para que la gente no pueda pensar en sistemas mejores que el que existe actualmente sin caer en los males del soviético.»
