Seen kind the writer, it can be relied on that this publication Master Of Her Heart: A Time-Twisted Tale Of North & South By Julia Daniels will certainly provide several motivations, about the life and encounter and everything inside.

You may not have to be doubt regarding this Master Of Her Heart: A Time-Twisted Tale Of North & South By Julia Daniels It is easy way to get this publication Master Of Her Heart: A Time-Twisted Tale Of North & South By Julia Daniels You could merely visit the established with the web link that we provide. Below, you could acquire guide Master Of Her Heart: A Time-Twisted Tale Of North & South By Julia Daniels by on-line. By downloading and install Master Of Her Heart: A Time-Twisted Tale Of North & South By Julia Daniels, you could locate the soft documents of this publication. This is the local time for you to begin reading. Also this is not published book Master Of Her Heart: A Time-Twisted Tale Of North & South By Julia Daniels; it will exactly give even more perks. Why? You may not bring the published book Master Of Her Heart: A Time-Twisted Tale Of North & South By Julia Daniels or only stack the book in your property or the office.

# **MASTER OF HER HEART: A TIME-TWISTED TALE OF NORTH & SOUTH BY JULIA DANIELS PDF**

Modern day Margaret Bryce is in a jam. Her graduate dissertation is due in mere weeks, and despite the enormous help her adviser, J. Whitman Bell has provided, there's something missing from her paper. Dr. Bell decides the best option is for her to travel back in time to a Victorian mill town, so she can better understand the struggles--both economic and personal--people of that era faced. She agrees to his insane scheme, knowing it's only a joke, a way for her to dig deeper within herself to find the answers. Only, when she wakes up in Milton, and finds the year to be 1851, she knows she's in trouble.

John Thornton, the most successful cotton mill master in Milton, is bored. His life is tedious. In his thirties, he still lives with his autocratic mother and his empty-headed sister, and he hasn't had much excitement. He decides he needs to get married, that maybe a wife, a partner, is the biggest thing missing from his life. Unlike the running of his mill, finding a wife is a bit beyond his skill.

When Margaret and John meet, sparks fly, as a woman with 2015 sensibilities collides with a man of 1851 proprieties. Will Margaret agree to give up her life in 2015, all her independence, and settle for a life in dirty, smoky Milton? Will John learn to bend to Margaret's odd ways and believe she's really from the future? Can they overcome the obstacles of instability in Milton, jealousy and the death of beloved friends?

A Great Read, Until the End.

By Kristina Dominianni

As I began reading this book, I was immediately immersed in the world of North & South. I loved the concept and found the book to be a very easy and fast read. I could not put it down.

I began to get concerned as I got toward the end of the book. Several key plots in the story still had no resolution and I was getting dangerously close to the end. In contrast, the author added even more plots to the story line which each page turn. As I continued to read I was shocked when I got to the last page. I truthfully thought I advanced to the end in error. To my disappointment, it was the end. I was so annoyed by it that I stayed up half the night thinking of all the plot holes.

Why on earth would the author introduce plots that had no resolution? Of course reading in the author's note tucked away is an indication of a sequel... but seriously?

I understand leaving a cliffhanger for an audience but small plot lines were left unaddressed with no resolution as well. As not to spoil the story for future readers, I'm purposely omitting them.

All in all, the book was an excellent read with the exception of the end when the story literally stops cold. To be drawn in and let down in such a way is truthfully a complete and total disappointment.

A Pleasure to Read

By ASJ Books

Okay, I'm a bit surprised that I gave this book five stars, but I enjoyed it so much. I wasn't sure if I would like the writing style of this book as I read the first two chapters, however the book just got better and better as it went along. I couldn't put it down. I've read a significant amount of North and South fan fiction, and I would consider this one of my favorites. I liked how the modern day Margaret Bryce brought an openness to the character, instead of the constant repression of feelings and emotion of the Victorian Margaret Hale. However the modern Margaret resembled the Victorian Margaret in so many ways, I didn't feel like I was reading about an entirely new heroine. The plot differs dramatically from the original, but I feel the author has tapped into the true essence of North and South. The intensity of Margaret and John's feelings was so lovely to read about. I hope you enjoy this book as much as I did.

Don't let the "time-travel" discourage you from this great romance

By Sharlotte

A wonderful exploration of a relationship between strange bedfellows. His power and magnetism are met by her true intelligence and perceived impertinence. The attraction is immediate and palpable. The creative backstory is excellent, even for a reader who generally shies far away from any story promoting time travel. This one roped me in and kept me mesmerized throughout. The writing is a pleasure; the romance as well. Love scenes should be acceptable by most standards though they exist. Spoiler: There is a consummation scene. Not to be missed: the bathroom banter is precious. (You have to read it to understand I'm not talking of anything nasty) If there had been just a bit more to the ending which felt rushed, this would have been a **STRONG** five star book. I loved it. A sequel is planned. I hope so, as that will be a guaranteed read for me.
