Good recital pieces

By Musikal

This is a good selection of solo pieces for beginning piano students. Level of this book is appropriate for students who are in about a level 2 method book (such as Piano Adventures.) It would be a little too difficult for primary level students. Some of the pieces are a little simpler than others and would work for level one students. It was used in the Federated Music Club as a Primary 2 level piece. My students have enjoyed the songs in this book.
