Merely web page by page depending upon the time that you have to review Night & Fog By R. J. MacVale

NIGHT & FOG BY R. J. MACVALE PDF

Karl Schumacher was born into a wealthy German family that wanted nothing but the best for their eldest son. Like all Nazi Party members in good standing, Karl's father fulfilled a parental obligation by sending young Karl off to join the Hitlerjugend, the Hitler Youth, at a tender age. With a combination of staunch obedience, a verifiable "Aryan" pedigree, and his father's sizable coffers, Karl moved with ease into the elite Schutzstaffel—Hitler's feared SS.

Germany, 1942: The height of the Nazi Party in Europe during the infamous reign of Adolf Hitler's Third Reich.

In this era, men commit crimes so disturbing that people will continue to speak of the deeds three-quarters of a century later with a mixture of horror, disgust, and awe. People will remember and share the better-known stories, yet so many smaller tales will remain untold—stories of people on both sides of the war thrust into the midst of unimaginable terror, a horrible nightmare offering no easy escape. Comply or die. Kill or be killed. Do whatever you must in order to survive.

Stationed near Berlin at Konzentrationslager Sachsenhausen in the quaint town of Oranienburg, Karl performs duties on behalf of the Führer that should only belong to a god. Constant trainloads of "deportees" roll into town with Jews, Gypsies, Poles, petty criminals, homosexuals, and Russian prisoners of war among the undesirables, with Karl responsible for their fates. Right, life. Left, death. All in a day's work at KZ Sachsenhausen.

On one frigid morning, Karl succumbs to his own decadent, criminal needs and singles out a teenage Gypsy boy, Antonin Novotny, from the day's incoming prisoners. Through an unexpected turn of events, Antonin's iron will and gentle soul prompt Karl to take a hard look at the meaning of his life; at choices poorly made to please misguided and uncaring authority; at the questionable wisdom of offering absolute obedience without moral integrity or true honor.

Night & Fog is a powerful story featuring a group of people on both sides of the conflict who demonstrate that rarely is there true black-and-white in this world. Themes of painful betrayal, of blind faith and indoctrinated intolerance, of the beauty of redemption and forgiveness, and of the axiom that evil triumphs only when good men do nothing converge to bring this novel vividly to life.

Don't Ask Don't Tell in the Third Reich

By Scott Skipper

Karl Schumacher is a major in the SS whose job it is to select those prisoners arriving at Sachsenhausen concentration camp who will be worked to death or shot. He is also a homosexual who must hide his proclivity or face a fate similar to his selectees. A surprisingly tender liaison with a young gypsy begins to turn Karl from his Nazi loyalties and he hatches a plan to escape.

Night and Fog has a few issues. The homosexual sex scenes are not gratuitously depicted—for which I was grateful—but the conversion of the gypsy boy seemed much too easy. There are several historical errors, anachronisms and illogical events that should have been avoided. The dialogue is unconvincing and occasionally sounds too much like twenty-first century American English. It is however, an interesting and sometimes thoughtful look at the Holocaust from a different perspective.

An All-Around Pleaser

By Lisa Savacool

I read more than 60% of this book on the first day, only slowing down towards the end to make it last longer. That was difficult to say the least, because from very early on in the narrative the pressure begins to build. It keeps the main characters scrambling and the pages turning.

The highly-researched descriptions of the concentration camps manages to be both raw and fascinating at once.

[Small spoilers beyond this point]

Though the romance at the heart of Night and Fog is between two men, there are also strong female characters, with some of the book's best scenes involving Rona, a Polish Jew. Historical figures such as Hermann Göring are not written as caricatures but rather mesh easily with the rest of the characters.

Whether you're looking for a story of war, a story of love, or just for a good read, I highly suggest this book.

Good story. Below average writing.

By Alexánder

A beautiful love story set in one of the world's worst historical nightmares. There is tension and suspense aplenty but what really drives the main characters of this story is the concern and love for one another.

On the down side I must admit that the writing is not very successful at times. It feels as if the writer needed more practice in his endeavor as a professional(?) writer.

But, all in all, it is a beautiful story, though not beautifully told.
