Great for the money
By Tr
I have used this product since Studio 8 and produce proam video for my church. It is generally intuitive, incredibly powerful as it comes with more effects than I'll ever use. I didn't give it five stars simply because there is some room for improvement in the UI. I would recommend it to the advanced amateur as well as the starting out, part time pro.

Impressed with new features
By Amazon Customer
I had a earlier version of pinnacle but have been very happy with the new things you can do, I also realize you need a very up to date computer to run this program the way it should be run.
