an excellent book for women who are struggling in relationships with ...

By Clotelle Holder-delves

This weekend I had the pleasure of reading three books written by Lanie Stevens and I gave them all 5 stars. Originally I was searching for a book dealing with the Laws of Attraction as it pertains to relationships. The first book I read by Ms Stevens was Pussy Whip, an excellent book for women who are struggling in relationships with men and who need to hear another woman tell it like it is! Though the titles says "Pussy", Stevens in most cases isn't referring to your vagina! She uses the word to remind us of how we are different from a man and that we have the power, because we have vaginas! Men would do and say anything to get them, and we women are too fast at relinquishing our Pussy Power to our detriment!

In Pussy Whip, she shows us an easy and effective technique for keeping our man attracted to us, by applying the Laws of Attraction. If you have read "The Secret" and many of the other books on the Laws of Attraction, you would know that they don't tell you HOW to actually attract your desires, Lanie Stevens does!! And for anyone with an interest in mind control, and the power of the subconscious mind, you will find these books of great interest.

Her second book " How to make him Burn with Desire" follows on from "Pussy Whip". You will also enjoy this book. And finally the third book, "Pussy Power" teaches you some of the things you have forgotten as a women, when it comes to finding you man, dating him and having him commit to the relationship.

But please do heed her warning! Don't let your man read these book! For women only!!!
