Typical Rick Steves' format, but coverage is a bit thin.

By Jon L Albee

I'm a fan of Rick Steves' "Back Door" travel philosophy, but I was surprised at how selective this guide is.

When you buy a Rick Steves' guide, you know you're going to get well refined content that has been organized and prioritized to allow for an authentic travel experience. Some places will be included and some won't. Rick does not intend to make his books encyclopedic or entirely comprehensive in their coverage, but his choice of locations (or, rather, his exclusion of locations) in this book can leave a traveler scratching his head.

Almost the entire western part of the country, and particularly locations on Lake Geneva, are ignored. Basel and Geneva are completely absent. The French-speaking part of the country is very poorly represented.

His selection of Alpine villages is also a bit odd, choosing to include Murten and Zermatt which, though lovely, are so small that they can only accommodate a very small number of tourists at any given time. Authentic? Certainly. Practical? Feasible? Questionable. And Rick falling for the touristy glitz of mountain resorts like St. Moritz seems very, well, un-Steves-like! His chapter on scenic rail journeys is good, and certainly represents a high quality attraction that should not be missed.

You certainly get Rick's signature selectivity in this guide, but if his tastes aren't compatible with yours you may find this guide lacking in coverage.

A tour Book You have to have

By WayW

The book was so helpful in our recent holidays in Switzerland. I would recommend anyone to have a copy and use it to plan their vacation in Switzerland and carry it with you as a handy reference.

Awesome resource!!

By S. McFadin

I planned a whole trip with this and it gives great useful information and maps. Even travel hints and prices.
