I loved the scenes hero saves heroine. He was in love and he would do anything to claim her.

By Kindle Junkies

I love this read!!!! I love a good Regency Romance and Ms. Beaton wrote a good one in this read. (I only recommend if you understand the period of when it was written as it explains why characters acted certain way.) The hero is a strong alpha male that dresses as a dandy. So heroine doesn't take him seriously at first. Hero doesn't let that stop him, he fall instantly for heroine and is hot in pursuit.

'Silken Bonds' is part 2 of a series but can be read stand alone. Hero falls instantly for the heroine but her guardian has taught her that being with a man is weakness. So hero pulls all the stops to court her. He will bribe staff, ask former interest to play act a role to get close to the family, he buys house next door to her, he watches/stalks her, he finds out what she likes and does what he needs to do to keep her interested in seeing him, he will beg, he will try seduce, he will be her knight in shinning armor, and he will keep saving her countless times form dangers so he can finally claim her as his own.

The book has several twist and turns. This includes some scary situations that require he to save heroine several times, because her family has jewels would-be thieves want. I loved these scenes, especially the final scene. He may look like a dandy but he fought like a man!!! He is older and more experienced. Heroine is naïve and innocent, but was raised to think like a man. So hero has to be creative to try to win her over, but he is really all for equal rights and proves to her that he wants her as his equal!!!

The other subplot is they are trying to find out who her biological parents are but find that someone doesn't want them to know. I found this read exciting because of the action scenes, extremes hero goes to be able to see heroine and who doesn't want to read a dashing gentleman save a heroine :) There is strong chemistry between H/h and he is very romantic at times when thinking/describing her. However, all love scenes are behind closed doors. Most is heavy petting and kisses. It is a safe reads. Hero is loyal but his promiscuous past does come several times up. He makes sure heroine knows he only wants her several times. I believed him, because of the extremes he goes to win her over.

Highly recommend this read!

Nice hero

By Emily

This is one of the better Chesney's of the few I have read. The characters are appealing, especially Lord Harry Danger who is a delight. The book is very short however and would be much better longer and more developed. I enjoyed reading it though, even if the pleasure only lasted a few hours!
