You can get this book Storming Flight 181: GSG 9 And The Mogadishu Hijack 1977 (Raid) By Chris McNab as one of your compilations. Yet, not the collection to show in your bookshelves. This is a precious publication to be reading compilation.

Exactly how is to make sure that this Storming Flight 181: GSG 9 And The Mogadishu Hijack 1977 (Raid) By Chris McNab will not shown in your bookshelves? This is a soft data publication Storming Flight 181: GSG 9 And The Mogadishu Hijack 1977 (Raid) By Chris McNab, so you could download Storming Flight 181: GSG 9 And The Mogadishu Hijack 1977 (Raid) By Chris McNab by purchasing to obtain the soft file. It will certainly alleviate you to review it each time you require. When you feel careless to move the printed book from the home of office to some location, this soft file will reduce you not to do that. Due to the fact that you can only conserve the information in your computer hardware and also device. So, it enables you read it anywhere you have readiness to read Storming Flight 181: GSG 9 And The Mogadishu Hijack 1977 (Raid) By Chris McNab

STORMING FLIGHT 181: GSG 9 AND THE MOGADISHU HIJACK 1977 (RAID) BY CHRIS MCNAB PDF

In 1977, Lufthansa Flight 181 was hijacked by terrorists and flown to Mogadishu, Somalia. Once landed, members of the German special missions group, GSG-9, stormed the plane, killing three of the terrorists and wounding the fourth, while successfully avoiding any major harm to the hostages. This book details the backgrounds of both GSG-9 and the hijackers and offers a detailed analysis of the planning and execution of the mission, codenamed Operation Feuerzauber (Fire Magic), one of the most audacious special forces operations of modern times.

Quite interesting and detail

By lordhoot

I read Chirs McNab's account of the hijacking and recovery of Lufthansa Flight 181 in 1977. I always thought that subject matter such as this would be a best fit for Osprey Raid series. Anyway, this book is about how an elite team of West Germany's counter-terrorist unit (GSG-9) successfully rescued all the passengers of that hijack jet after the terrorists murdered the primary pilot in cold blood. The book goes into the background of the terrorist movement, political reasoning and with ease that they were able to smuggled their weapons aboard the jetliner. The author also traced the creation of the GSG-9 unit that started off with

the Munich Massacre during the 1972 Olympics of Israeli athletics and the inability of West German law enforcement to handle the situation.

The book proves to be well written and researched. The author paints a very clear picture of the situation and his prose is firm and to the point. The reader will get a clear understanding of how the hijacking went down, how the rescue operation took place, the roles played by the major players in what turned out to be a textbook operation on hostage rescue. It also shows how a well trained and determined counter terrorist team can overcome a deadly situation without a loss of life among the innocents. But they still needed the cooperation of the local authorities to pull it off. Of the four terrorists, three were shot down and fourth is ironically still alive to this day living in Norway. She was sentenced to 20 years but only served one year due to ill-health. Pretty sad considering that the pilot murdered by her cohorts, still lies dead.

I thought this book was highly informative and educational considering its format.

Great study of the LH181 Raid

By James D. Crabtree

In 1977 Palestinian terrorists took control of a Lufthansa airliner (at the same time the RAF took a prominent industrialist hostage in Germany) and led them on an ordeal which would end at Mogadishu, Somalia. The GSG9 special police group made an end of the terrorists and liberated the remaining hostages with no casualties. This dates back to the last days of airline travel with no x-ray machines or metal detectors and the terrorists took control of plane with two pistols and explosives. GSG9, well-trained and equipped, quickly practiced their assault on an identical plane and were assisted by the terrorists choice of attire (bright red Che Guevera shirts). Well-illustrated with maps, photos and original artwork, the book is also well-written and very enjoyable. Only found one error, page 28: gray box describes "kill all eight hostages" should read "kill all eight terrorists."

It is okay

By A. M. Steiner

Received the book yesterday, and thought I would give it a read; there is a fair amount of information on the background of the terrorists, and their organizations, but not that much in the book on GSG-9 and the actual storming of Flight LH 181. The volume seemed a bit more political than tactical. The book was purchased as not much information on GSG-9 exists on this side of the water. There are good photos however.
