an old standard...

By WomanSpirit

I am a violin and piano teacher for kids. I use a combination of Suzuki and traditional material as well as music that I write for my students. String Builder, Belwin's Course for Strings, is an old standard. I like it because it is a common sense way to learn to read notes and get some basic theory. It's not thrilling for me or my students--just one of those necessary things. And for that, It's good.
