Obviously, it will not obligate you to take many web pages. Just page by page relying on the time that you have to read Sworn (Bound Trilogy Book 3) By Kate Sparkes

# SWORN (BOUND TRILOGY BOOK 3) BY KATE SPARKES PDF

Not every fairy tale ends with “happily ever after.”

The plan was simple: Find Ulric, the lost king of Tyrea, then return him to Luid to reclaim his throne from the tyrant who stole it. But though Aren, Rowan, and Nox accomplished the first part of their task, the rest is proving to be more complicated than any of them imagined.

Severn won't give up his throne without a fight. Worse, it seems Ulric did not fare as well during his years in captivity as he's led everyone to believe—and Rowan may not have escaped unscathed, either.

If Nox doesn't find a cure for the king's mysterious ailment, Aren will be forced to challenge Severn for the crown. It's a battle Aren has little hope of winning. And if he does, it will cost him the love and the freedom he's fought so hard to gain.

Like in life, love and loss are messy

By Amazon Customer

Truly amazing, when I started this journey with Bound I was expecting some light reading, entertaining but not engrossing. I was wrong. That quickly became a slide into the Bound universe where the characters are as real to me as people I know and I feel their pain and love like I would my own. An amazing conclusion to the trilogy, the character development is sensational and the plot engaging. Worth the journey. Sworn made me smile, laugh, cry, and like life, it still isn't really over. Yes, Kate tied off the loose plot ends but there is always more to the story and Kate achieved that wonderfully in her writing. I know some people have said that because it broke their hearts a couple times, it might incline them to slightly lower the rating but to me that is part of what made Sworn so wonderful. Life is messy, love and loss are messy, and that is why it felt so real. I wholly recommend reading this and all her writings.

I was disappointed. Although the story flowed I felt they spent ...

By Kim Miller

After reading the first two installments of the Bound trilogy I was hooked! So I have waited with bated breath for this final book. Sadly, I was disappointed. Although the story flowed I felt they spent too much time getting from one place to another I was ready for the battle to just get started already. I enjoyed all the characters and how they developed especially Nox. However, what really killed it for me was our beloved Rowan from Book 1. I really had high hopes for her I personally thought by Book 3 Rowan should have been this sorceress really coming into her own, instead she was still this unsure, fragile weakling even though she

kind of redeemed herself during the battle with Severn I thought she would have evolved more. Combined with the lackluster ending, this series went out with a whimper instead of a bang.

Worthy of a movie

By Kindle Customer

I have to say that in the beginning of each book, I wonder if it will get any better. I'm pleased that the author comes through with flying colors.

Definitely a must read trilogy and so grateful with the author's free prequel and short novella, she ties all the loose ends. Great story, it's been a wild ride.
