My daughter likes the modern story better, but I prefer this old familiar one

By c jackson

Had this book from my childhood with memories of reading it. Now there is another book called the Seven Chinese Brothers that my daughter really likes. I bought this to show her the story that I grew up with. Pictures and story are nostalgic for me. My daughter likes the modern story better, but I prefer this old familiar one.

Fond memory

By A Customer

I was in first grade in 1974, it was the first time our class went to the library. The librarian discussed with us

some books she had picked out and one was, The five chinese brothers. By the time she had finished describing the book I knew what book I wanted to check out. And when she gave the permission to look around, I ran for that book, and I read it, read it, and am getting to read it again 24 years later. I dont exactly know how, but I feel somehow that book helped me be..who I am, because I never forgot that memory.
