Pathway to Roses-Eternal Wisdom

By Cathlyne Sommerville

This book was written almost 100 years ago and still serves as a light in our information drenched world. Love, faith, and abundance weave their way through the pages of this book to create a tangible plan of action for the inspired. So often esoteric topics leave you with a feeling and not a plan, yet this book let's you know that in no uncertain terms, "That faith without works is dead" and life without love is a charade.

Beautiful poems, phenomenal thoughts, provoke a sense of urgency for the reader to move past hope to the combustionable effects of faith filled activities.

Great Book (eBook version CAN be cleaned up!)

By James

The content of this book is marvelous; it's unfortunate that the eBook version appears to be flawed. Unfortunately, the optical character reading required to digitize this book results in lots of flaws. I obtained my epub copy (also very flawed) from a public domain site, researched epub editing tools, downloaded a free epub editing tool and cleaned up the epub version that I got online, and I admit I took a full day and a half cleaning it up (as well as learning about the editing tool), but it looks great now and plays well on my non-Kindle version eBook reader. As to the content - what can I say except inspiring and powerful. I felt privileged working so hard on the epub version knowing that I was "touching" Larson's very words and helping to turn them into a modern format for hopefully others to enjoy. I've signed on to a public domain book archive internet site to which I will be uploading my cleaned-up copy within the next day or so. As I

told Druid in response to their comment, I'd be happy to share my version that I've cleaned up and to help anyone with an eBook reader learn how to take advantage of the many online sources for public domain books. My next project is the marvelous "Just Be Glad" booklet by Larson. My best to all who study Larson; our lives should well be changed as a result. [...]

Healing Heart Book - non-denominational

By Savannah Alexander

This book is one of my all-time favorites. It is my go to book for many things and situations. I also read a passage before I meditate. One of my favorite passages: "Love those who have mistreated you. Love them with the very deepest power of your soul and they will soon come to you and make everything right again."

This has been my motto and I see it come true every time. Larson has such a beautiful way of educating the reader about faith, Christ, Love, and Spirituality.

It is such a blessing to have passages like this throughout the entire book. I've told many people about this breathtaking masterpiece.

It is beautifully written - and over -100 years ago! A true treasure for any library and one of the best gifts money can buy.
