Not only did I receive the item I ordered, but it arrived in brand new and excellent repair as had been promised but it also arrived prior to the expected date which made for an excellent semester for me. Oh! And it's a great and easy to read text too!

Useless

By A B

This is the most unhelpful textbook I have ever used. Yes, it included all the significant personality theorists and theories, so as far as content goes, it's fine. BUT the explanations were so long-winded and convoluted that I couldn't understand some of the theories at all. I went away thinking I was just an idiot when it came to theories of personality, only to start looking at other textbooks and realize that no, the theories were perfectly within my understanding... when they were adequately explained.
