Buy The Paper Book

By Tonny Borde

It's handy to have the Top 10 San Francisco in Kindle on the iPhone, but it's nothing like having the book in your hand and being able to flip through it.

A little awkward navigating from place to place in the book, and especially looking at maps since the book is so easy to use.

I should have bought the paper book.

Disappointed

By William M.

Typical tourist reiteration of the old faves.
